## THROWN FORTY FEET BY TERRIFIED HORSE

H. F. Bernhard Dangerously Hurt, Wife and Child Escaping With Shock.

VEHICLE SMASHED TO BITS

Victim Rushed to Hospital, Though It Is Believed He Will Recover.

Frightened by an automobile, the owner of which is still unknown to the police, a horse driven by H. F. Bernhard, of 111 East Main Street, ran away yesterday evening on Franklin Street between Jefferson and First at a furious speed, and at the corner of First and Franklin threw Mr. Bernhard out for a distance of forty feet, rendering him unconscious, and then, after dashing into a tree, hurled Mrs. Bernhard and her baby in her arms, Catherine, out on the curb, seriously hurting both.

William, a boy of three years, remained in the vehicle after it had been smashed to pieces, and was injured, though he was not hurt. The three were immediately picked up by people who witnessed the accident and hurried into the office of Dr. George Ross, where temporary treatment was administered. Mr. Bernhard was then taken in the city ambulance to St. Luke's hospital, where he was placed under the care of Dr. Stuart McGuire. The horse broke away from the ruined buggy, but was captured several blocks further down.

Ran After Horse.

Policeman Thurman, who was riding over his beat, saw the runaway when the horse started off about a block and a half away, and jumped from his wheel in an effort to stop the madly dened animal. He sprang for the reins, but missed his aim, and narrowly escaped being run over himself. Mrs. Bernhard was screaming at the top of her voice, while her husband was silently clinging to the reins, saving and tugging at them with all his might. But the horse's speed. But the more he pulled, the faster ran the horse. People walking and driving along the street cleared a way for the horse, giving him plenty of room. Thurman regained his wheel, and rode as fast as he could pedal. The three were outdistanced for a square, and at the corner of First Street the horse swerved into the curb, hurling the passenger against a tree and smashing it to pieces.

Mr. Bernhard was still clinging to the reins, and as the buggy struck the tree he was pulled over the dashboard and flung forty feet away.

Mrs. Bernhard had clasped her younger child in her arms, and the two fell out together, but being thrown only a short distance, were not injured, beyond several cuts and bruises and a severe shaking up. William, the boy, was not moved from his seat, and was taken out by R. D. Stokes.

Hurried to St. Luke's.

Policeman Thurman and bystanders picked up Mr. Bernhard and carried him into the office of Dr. Ross, others bringing in his wife and the children. Several other doctors living in the vicinity were called, and the city ambulance was summoned. The three patients were treated on the spot, but it was seen that it would be necessary to take Mr. Bernhard to a hospital, and in the city ambulance he was carried to St. Luke's. He regained consciousness once on the way, and goes to ask about his wife and children. On being comforted he relapsed once again into unconsciousness, and in this condition was borne to a cot in the hospital. Several times he became delirious, and Thurman and another were forced to hold him down by main strength.

Mrs. Bernhard and her two children were kept in Dr. Ross's office. When she was informed later that her husband had inquired for her she asked to be allowed to see him. Charles Antrim took her and Miss Ross to the hospital, and she was allowed to see her husband. Though she had been in hysterics after the accident, the sight of her husband somewhat restored her, and she was informed that he had good chances for recovery. She afterwards went home, taking the children with her.

Skull Not Fractured.

Mr. Bernhard received a bad cut in the back of his skull, but Dr. McGuire stated last night that he did not think it had been fractured. The patient was still delirious, but the physician thinks that he will recover.

Nothing further was heard from the automobile which caused the accident. Whether or not the owner of the machine saw the runaway he did not know, but it is stated that he did not look back after he passed Mr. Bernhard's horse.

Policeman Ogilvie at Home.

Policeman Leslie Ogilvie, who has been in the Memorial Hospital, where he recently underwent an operation, has so far recovered as to be able to go home. He is improving daily, and expects soon to be able to resume his duties.

For the Ice Machine.

The Times-Dispatch received the following telegram yesterday for the Ice Machine: Mr. Austin Smith, 42; Wm. L. Tyler, 22; H. W. Ellerson, 36; N. H. 41.

## PRISONER DEFIES FEDERAL OFFICERS

Pretends Ignorance When Charges of Theft Are Alleged Against Him.

In order that officials of the United States Court may have an opportunity of examining his record, and because in snatching money from the window in the money order department of the local post-office he is guilty of an offense in which conviction may mean a sentence to the Federal prison in Atlanta, J. T. Lewis, alias J. W. Kimball, was yesterday sent on the grand jury by United States Commissioner Melvin Flegenheimer.

Exactly what the condition of the man is no one seems able to ascertain. Deputy Marshal Murphy examined the prisoner before he was taken back to the city jail yesterday and found \$10 in currency and several packages of morphine.

Lewis's attitude is coldly indifferent, and to questions from officers he refuses to make reply. He is a native of Chicago, and was taken to the city jail yesterday, but he is not known there. When incriminating evidence was found on his person the prisoner changed his attitude, and pretended to be under the influence of opiates. He is the influence of a man who defies prosecution.

He insists that he is innocent of any crime, and frequently makes the statement that he did not commit the crime alleged against him in connection with the theft of money from the window in the money order department of the local post-office.

At a meeting of the Highland Park Citizens' Association held recently a resolution was passed to have a committee of seven appointed to secure suitable playgrounds to be added to the present school lot. The president of the association, George W. H. Hays, has appointed the following committee: T. M. Tignor, J. A. Devine, W. G. Quarles, C. E. Cross, C. W. Wingfield, G. L. Satterwhite and A. G. Quarles.

This committee is now at work, and expects to formulate such plans as will enable it to carry out the purpose of the resolution.

SMALL GIRL UNDERGOES DANGEROUS OPERATION

Kathleen White, seven years old, daughter of W. Y. C. White, of Abingdon, was operated on for a fracture of the hip at the Johns Hopkins Sanatorium yesterday. She was injured about ten days ago. Her condition is favorable, and she is expected to recover. The operation is said to have been entirely successful.

Bishop to Confirm Class.

Rev. R. A. Gibson, D. D., bishop of Virginia, will visit Christ Church this morning at 11 o'clock for confirmation. The confirmation class of the church, which was organized on March 17, shows the life and progress of this church in the East End. The service will officiate at the evening service at 8 o'clock.

## CANNOT PASS BY FIRST OPINION

Lynch Declares That City Attorney Has Already Answered as to Bids.

MUST CALL FOR NEW ONES

Committee Meets on Tuesday Night to Consider Light Plant Award.

City Attorney Pollard sent an opinion yesterday to Chairman Richardson, of the Committee on Electricity, which will show that committee how it may proceed with the award of contract for municipal lighting plant equipment, since the Council has sustained the Mayor's veto of the original proposition. This opinion will not be made public until the committee receives it in open session on Tuesday night.

Concerning the City Hall rumors that the committee will bring back a revised ordinance, recommending that the contract be awarded the General Electric Company on the original figures heretofore submitted, Councilman John J. Lynch contends that nothing of the kind can be done, under an opinion rendered by the City Attorney on June 2. In that opinion the City Attorney held that if the Mayor's veto should be sustained the committee would have to advertise for new bids. Mr. Lynch will lead the fight for a reopening of the whole question and a call for new bids.

The Original Opinion.

The June 2 opinion of City Attorney Pollard is as follows: "Referring to your request to inform you what, in my opinion, will be the attitude of the Committee on Electricity in the consideration of the Mayor's veto of the resolution approving the award of contract to the General Electric Company, referred to the committee at the meeting of the Common Council held on the 24th prox., I have to say that the sole question before the committee is whether the Mayor's veto should or should not be sustained, but in considering this question the committee will not be confined to an investigation and determination of the soundness of the reason given by him for his veto of the contract, but the committee may consider and pass upon other reasons suggested by themselves or others why the said veto should be sustained, from which it follows that the committee may go into the question of whether in recommending the award of contract to the General Electric Company they acted fairly towards the bidders, or whether such action was to the best interest of the city or otherwise, and may for any reason or reasons satisfactory to them recommend that the veto be sustained or overruled."

Veto Was Sustained.

"When, however, the determination of the committee shall have been reached their report to the Council cannot properly go further than recommending either the sustaining or overruling of the veto by the Mayor, and the Council in acting upon said report cannot properly, by their vote on the question, connect any other question with the determination of the question whether the veto of the Mayor should be sustained or not."

While reaching on to the matter of the committee's report, the committee should not, however, sustain the veto of the Mayor that action would of itself, and without further action, place the Committee on Electricity in exactly the same position in which it would have been had the committee itself originally refused to award the contract, thus leaving the committee, of course, with the right to advertise for bids again, but should the Mayor's veto be overruled, the contract would thereby be awarded to the General Electric Company and such action would end all other questions in relation thereto."
